Single Touch Pty Ltd is an ATO Whitelisted STP Sending Service Provider

Single Touch Lite For Employers & Accountants

Single Touch Lite

Single Touch provides a range of STP solutions for both commercial payrolls and those managed by accounting practices and **will work with any payroll system** no matter how large or small.

For **Tax Practitioners**, we have developed specific Single Touch client management facilities. Please request details.

Single Touch has delivered millions of STP transactions to the ATO, servicing the STP needs of thousands of employers and accounting practices. We invite you to become one of our happy Single Touch Lite clients.

Simple & Cost Effective

The Single Touch fee structure is simple. No lock in contract, no prepayment, no "blocks of employees" or base fee. Service pricing is only 25c* per employee reported to the ATO. Our fee includes all messaging and reporting.

We understand the time pressures payroll managers and accountants face. Simplicity and efficiency were at the forefront of our STP product design.

Don't get locked in and pay exorbitant fees. Sign up with Single Touch Lite.

Email enquire@singletouch.com.au and we will send you instructions on getting started.

*Minimum \$7.50 per month per ABN + GST

Key Features

Efficiency & Control

Efficient time management is important. With one Single Touch Lite account you can manage an unlimited number of Entities (ABN's).

Entities can be shared, workloads spread and staff absences covered.

Maintaining control over what is being sent is important, so Single Touch Lite reveals key values before you "send".

Single Touch also provides a range of control reports so you can easily track activity.

Know that it's right

Using the rules set by the ATO, Single Touch Lite will check your data before delivery. If we find any errors you are immediately advised.

Single Touch Lite provides a range of control reports to assist you with payroll reconciliation as well as a transmission audit report and an acceptance report from the ATO.

Security & Support

Dual factor authentication, encryption at rest and in transit including the application of ebMS3/AS4 security to your data prior to ATO transmission are all part of Single Touch Lite's security.

As an ATO Sending Service Provider, Single Touch Lite conforms to the most stringent security requirements including ISO27001 certification.

If you have any questions we would be happy to receive them.
